

PERDITION

Perdition

Into the everlasting mist, within the darkened shroud
Where shadows drain our souls of life
Behold, the sirens of your ruin, damnation and decay
Unveiled, the path to Hell awaits

Storms gather
And fire rains
Blood is calling
And angels slain

And when the final breath is drawn, the light of life forlorn
The darkness swallows earth and sun
Behold, the symbol of our doom, perdition and demise
At last, the gates of Hell flung wide

The gate is open

I call the dark lords, hear me, rise
I summon thee, hear me, rise

The gate is open. Rise

Into The Void

I hear thy call, I see thy path. Damnation, I welcome thee
The freezing wind guides my soul towards thy harrowing mouth

Into the void, the abysmal gaping maw, where all is naught
Deeper, further, into the chasm, I descend the dismal lair

And within the darkened chambers, I feel thy presence
In awe, I gaze into thy kingdom infernal
Upon the shadowed throne, fear and nightmare incarnate
In reverence, in willfulness, my sacrifice will set thee free

Unhallowed, profane, I bleed from opened veins
Blasphemy, disdain, I call for Satan's reign

Atrocity, beset my soul, give me strength to rip the veil
Devilry, possess my flesh and dance upon the oblivion trail

Into the void, the abysmal gaping maw, where all is naught
Deeper, further, into the chasm, I descend the dismal lair

I heard thy call, I saw thy path. Damnation, I welcomed thee.
The freezing wind led my soul into thy harrowing mouth

Beyond The Veil Of Mist

The frozen winds whisper my name, the gathering of wolves, the
night reclaimed
In solitude, I venture forth into the vast unknown, forever in
darkness

The still within the freezing storm, a temple of old, a sanctum
forlorn
In solemn woe, I raise my voice and recite the ancient tome,
beseeched by the shadows

Far beyond the veil of mist, where angels fell, where demons dwell.
Clear the path to the abyss, from where the monsters hail and
spirits wail
Guide my steps inside the maze, where madness lure, where hate is
pure
Across and through the gates of Hell, where life is forlorn, where
evil is born

Hear me, see me

The sky turns red from fire and flame, a crimson display of heaven
ablaze
With somber scorn, I gaze upon the empyrean blaze, the raging
inferno

Heaven ablaze, a rain of ashes
Drowning the world, a rain of blood

I summon ancient fire, I call abysmal rage
Fulfill my dark desire, tear the sky a thousand shreds.
The darkened horde assembles, to bring an age of hate
I summon ancient fire, burn the world, bring forth the end

Heaven ablaze. A rain of ashes

And angels will weep, a lament for the world
At the end of times, at the end of life
And Satan will rise to lay claim to the earth
Then Death will come, death of the light

I summon ancient fire, I call abysmal rage
Fulfill my dark desire, tear the sky a thousand shreds.
The darkened horde assembles, to bring an age of hate
I summon ancient fire, burn the world, bring forth the end

Far beyond the veil of mist
Clear the path to the abyss
Guide my steps inside the maze
Across and through the gates of Hell

Hear me, see me

On Dark Wings They Soar

The darkness befallen, in nocturnal decor
The shadows bedeviled, aflight, on dark wings they soar

Spirits of darkness, unbound, prowling the night
Under the starless sky, breeding malice and blight
From the shadows, whispering spite
From above, on dark wings they soar

The Devils spawn, the Banes of War
Ablaze, on flaming wings they soar

"How you have fallen from heaven, Morning Star"

Son of the Dawn, veiled in shadow
In darkness cast to dwell
Bringer of Light, fallen from grace
Ascending the fires of Hell.

Spirits of darkness, unbound, prowling the night
Under the starless sky, breeding malice and blight
From the shadows, whispering spite
From above, on dark wings they soar

The Devils spawn, the Banes of War
Ablaze, on flaming wings they soar

The Presage Of Eternal Fire

Let the ritual commence, my blood and soul sworn to the darkness
Let my gift be received and blessed, my sacrifice, my vessel
possessed.

Unholy rites, bring damnation
Unhallowed souls, come forth and bring us the end

Let my body be your sword, my mind and soul worn as your
armor
Let my voice speak your words of hate, and with flaming eyes, I
open the gate

Unholy Lords, come forth and bring us the end
Satan, Lucifer, Belial, Leviathan. Come forth

As darkness falls over moonlit moors, the haunting winds begin to
roar
In awe of night I stand to raise Hell itself and set the world ablaze

In nomine dei nostri satanas

I am the herald. I am the path
I am the presage. I am the wrath

The Fall Of The First

Once held highest, the first among angels, anointed Son of Dawn
Cast out of Heaven, shunned among his kin, bereft celestial light

Oh, how you have suffered. How you have been wronged.

The fallen angel, with wings torn and a fate forlorn
The first forsaken, from Heaven scorned, the fallen star of the morn'
Spread your wings, Bringer of Light, in darkness you will be
reborn

The fallen angel, with wings torn and a fate forlorn

Luciferian Dawn

Unchained, the Darkness slowly grasp my soul
Cold and fierce, it claws into my flesh
Within the circle drawn in blood, I face the Devils spawn
Summoned, unleashed, to wage war upon the world

Fire and flames, infernal madness set ablaze
Charred and scattered, the ashes of my enemies
Whirling through the burning sky, I stand before the gates
Heaven ablaze, the bones of angels crumbling under my feet

Lay low the ramparts, unleash the hounds of Hell
Hold high the banner and march, in the name of Satan

And lo, the birth of a new era.
The dark, eternal night embrace the world, veiling all in shadow and
gloom.

And raised is a throne of stone, glowing with the embers of Hell.
And the Lord of Darkness, Lucifer Himself, sits thereupon, reigning
His new kingdom.
And the scent of burning flesh is ever present, the putrid stench of
rotting angels and mortal men

Luciferian Dawn

Fire and flames, infernal madness set ablaze
Charred and scattered, the ashes of my enemies
Whirling through the burning sky, I stand before the gates
Heaven ablaze, the bones of angels crumbling under my feet

Lay low the ramparts, unleash the hounds of Hell
Hold high the banner and march, in the name of Satan
